WINDOW INTO A VAST NEW WORLD!

Radio Kiev goes on the air daily in Ukrainian, English and German. The first program in English was broadcast on September 10, 1962.

In its daily English-language transmissions to Europe and North America, Radio Kiev acquaints listeners with the Soviet viewpoint on pressing international issues and with the life of a fifty-million-strong nation — the Ukrainian SSR. Radio Kiev covers the Republic's economy, science, culture, sports and plays Ukrainian music.

If you want to make a personal contribution towards improving mutual understanding, cooperation and peace, Radio Kiev invites you to participate in its programs. This you can do by:

- Sending in questions on international issues and everything you want to know about life in the USSR.
- Letting us know your opinion on all problems which personally interest you, either by letter or recorded on a cassette.
- Participating in Radio Kiev quiz programs. All quiz participants will receive Ukrainian souvenirs.
- Becoming a member of Radio Kiev DX Club.

Thirty minutes spent with Radio Kiev will open another window into a vast new world.
